

TeN Professional Face Treatments

Facial Treatments: £35.00

Hydrating Facial (moisturising treatment)

The hydrating treatment is ideal for all types of skin, even the most delicate. For younger skin, it has a preventive action.

Hydro Nourishing (moisturising and nourishing)

Dry, non-elastic skin that has an inadequate protective barrier, with signs of dryness and dehydration.

Nutri-moisture products use the re-oxygenating actions of the Oxy complex, the moisturising action of seaweed and essential oils, and the nourishing action of Camellia, Flax and Avocado.

Anti-aging (regeneration treatment)

Damaged, opaque skin that is especially worn by fatigue and stress, and mature or neglected skin that looks prematurely aged.

The exclusive cell revitalising complex helps that cells carry energy to repair and renew the skin, protecting it from environmental aggression.

Lifting (facial treatment with lifting effect)

Recommended for mature skin that is especially loose or prematurely aged. Excellent as preparation for and treatment after cosmetic surgery.

Calming (face treatment for sensitive skin)

Recommended for fragile, sensitive skin that is especially subject to irritation, reddening and inflammation due to external or internal causes.

Rebalancing (rebalancing and purifying face treatment)

Specific treatment for oily, impure skin. Re-establishes the proper hydro lipidic balance, calms the epidermis and purifies the skin.

Oily, impure, clogged skin in which the surface hydrolipidic film has lost its natural physiological balance.

Purifying (sebum-balancing face treatment)

Rebalancing treatment that provides a matte look for skin that tends to secrete excessive sebum. Gently restores the hydrolipidic balance and eliminates impurities.

Recommended for seborrheic, skin that always has an unattractive shiny look, and for easily irritated skin that is prone to acne.

Instant performance eyes & lips

Intensive treatment for the eye contour area and lips with a moisturising, elasticising, energising and anti-aging effect.

Recommended for all types of skin and all ages.

Genie Skin-Tech Micro Dermabrasion £15.00

Course of 5 £75.00

Course of 10 £135.00

Micro Dermabrasion 100% Organic Wheatgerm crystals drawn from the finest wheat embryo by a refined cold pressing process.

The crystal is organic and 100% natural and support the skin's natural process of regeneration and are particularly valuable for treating dry ageing skin. While the exfoliation of dead skin cells take place, the crystals feed the skin with vitamins A,B,C and E which is known for its anti-oxidant effects on free radicals in the skin.

- Deep skin exfoliation
- Reduction of fine lines and wrinkles
- Reduction in visibility of small scars, dilated pores and skin imperfections
- Assists and lightens stretch marks
- Encourages faster skin cell regeneration for a "new skin" effect
- New skin generation covers pigmentation spots and blood spots
